

SUKHDEV, RAJGURU AND BHAGAT SINGH

They were imprisoned for life,
they were imprisoned for fight,
they were imprisoned to save the light,
they were imprisoned for their rights!

The hunger strike,
it was a fight,
went on till 114 days,
the dictators gave them furious gaze.
They tried and tried,
but couldn't break the wall,
there was no chance, they sighed,
and the wall stood tall.

Until they sentenced them to death,
it stopped their breath.
But even after death they live,
live on and on for happy years.

The revolutionaries of India,
sent back the king.

The revolutionaries of India,
some of them to be known as Sukhdev, Rajguru and Bhagat Singh.

The sky turned too dim,
and his pride was kept.

Chandra Shekhar Azad,
the man with pride.
From birth to death,
was a man INidentified.

He was sentenced to death,
but he awakened the dead.

The rebellion rose up,
and till 1858 it did.
People were hanged up,
but still they did.

Until the queen came to power,
